

MAKING LIFE WORK WITH MENTAL ILLNESS

Website: <https://www.oakleaf-enterprise.org>

TRUSTEE VACANCY (Mental Health specialist)

Oakleaf Enterprise is an inclusive organisation which aims to meet the mental health needs of any and all residents of Surrey. We recognise the value of a diverse Board and would welcome applications from people with a wide variety of backgrounds and perspectives, and in particular from women, individuals of Black, Asian or ethnic or mixed ethnicity origin and those with lived experience of mental ill-health which are currently under-represented in our Board.

We are an independent charity working with individuals who face mental health challenges, providing a range of training & social inclusion activities across Guildford, Waverley, Surrey Heath & surrounding areas. We also work as a social enterprise delivering services which are commissioned by the general public & local businesses, thereby providing income, training & employment opportunities for our many clients.
